Dear PhD student,

we are happy to welcome you to the first virtual Annual Conference of ERES! In preparation for the conference as well as your presentation at the PhD session, we would like to provide you with the following initial information:

### PhD Network Event

- an evening reception → Planen die PhD-Organisatoren etwas?
- a masterclass → Hier bin ich möglicherweise nicht auf dem neusten Stand. Ist eine masterclass geplant?
- PhD parallel sessions with ca. 13 (paper) presentations expected to be date

All presentations can be held and followed online. Due to the uncertainty of COVID19, there is no guarantee of physical attendance for every participant, but we will offer virtual presentations for all qualified submissions and care for a stimulating virtual conference experience with completely new items.

### PhD parallel sessions

- The Feedback on your presentation is intended to help you make progress on your dissertation. Consider in advance what feedback you would like to receive and structure your presentation accordingly – Do you have questions about your research approach/ methodology? Do you want to narrow down your objectives? Do you want to reflect on your results? etc. You are welcome to additionally prepare questions to ask the auditorium.
- Presentation time is 15 minutes plus 10 minutes for feedback/questions.
- The conference-tool is expected to be Zoom. Please familiarize yourself in advance sharing your screen and have your presentation ready.
- There is no special presentation layout. It is common to use the corporate design of your university/ institution.

In case of queries feel free to ask for help:
